## SERVICE

Texas Green Turf's specialists are highly trained professionals with many years of experience taking care of Texas lawns and are dedicated to personalized service for each individual customer. Should a problem arise service calls are always free between regular visits.

## TIMING

Applications are made automatically on 5-8 week intervals beginning each year in early January. Selecting the proper feeding times means diagnosing your lawn's current condition and anticipating its needs for the following six week cycle.

## CONVENIENCE

There is no more need to worry about messy chemical storage or deciphering complicated labels and application rates. For your convenience we automatically schedule treatments every 5-8 weeks and from season to season. Texas Green Turf can solve your lawn and landscape problems with just a phone call.

## TEXAS GREEN TURF OFFERS:
